## **Analysis of Students' Feedback (2022-2023)**

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about guidance/counseling provided in academic/non-academic matters, syllabus coverage, college infrastructure from the students of the college as a part of the AQAR. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

The students' feedback responses reveal that above 58 percent students agree that teachers provide guidance/counseling in academic/non-academic matters. Regarding the teachers' encouragement to students to participate and discuss in class, invite opinions and questions on subject matter, inspire for ethical conduct, the students' feedback ranges from 66.5 percent with the remark 'Agree' and 'Strongly Agree'. Above 65 percent students agree that the teachers are regular and punctual in class, 56 per cent agree that teachers pay attention to academically weaker students while 50.4 percent agree that the teachers use modern teaching aids. More than 63 percent students agree that the teachers link the subjects to real life experiences, 60 per cent agree that teachers cover the syllabus in time, more than 65 per cent agree that teachers explain the topics efficiently, periodical assessments are conducted as per schedule and 56 per cent agree that the teachers use non-traditional methods of evaluation like quiz, etc. For better academic performance, about 38 percent students have expressed the need for more lectures by experts while about 42.4 percent students want more books in the library. About 15 percent students have opined that they need more access to the internet while about 20 percent students want extra/remedial classes to improve their academic performance.

The students' feedback have brought to the fore that above 73 percent of the students are contented with the sports facility, classroom facility, extra-curricular activities, security in the college. However, below 70 percent students are contented with the availability of computers and 77 per cent are happy with the canteen facility in the college. Around 8 percent, 5 percent and 14 percent students respectively have remarked the sports facility, canteen facility and availability of

computers in the college to be 'Below Average'. Moreover, 33.5 percent students have expressed dissatisfaction about the hygiene and maintenance of toilets/washroom, 13 percent and 7.1 percent respectively are dissatisfied with the availability of clean drinking water and clean classroom in the college. The washroom facility, clean drinking water facility for all the buildings of the college are not same, so there is an opportunity to improve this parameter. Also as many departments have no departmental room, the availability of the computer as well as internet is not up to the mark. Above 76 percent students are contended with the services of the academic section and only 23.6 are satisfied with library staff, redressal of grievances, accessibility of classrooms to the differently-abled persons, library facility in the college. Washroom facility, Canteen and library facility deserves immediate attention as about 63.6 percent students have opined to improve the washrooms, 28.3 percent students want improvement in wi-fi facility and around 27.4 percent students want improvement in classrooms. Students also need improvement in computer lab, library, and canteen of the college.

173 responses

No

Good

Good

Yes

25

Yes

Nothing

No thanks

Excellent

Excellent

To improve IT facilities, increase the number of latest text book in library to emphasize on cleaning of the campus to ensure the attendance of 80% student in the class

No thanks.

Thanks

It is necessary to clean campus and improvement of toilet facility is necessary. Communication with the student is also necessary.

It is necessary to clean campus always and communication with the student is also necessary

Try to keep classroom clean and hope that satisfactory canteen facility

Need of more emotional involvement.

No suggestion

All washrooms should be well maintained even students washroom

Enough funds have to be provided by government

Improved washroom facility

Need more classrooms for students.

1. To maintain Teachers-students ratio, 2. Uniformity of students uniform (including shoes, sweater/coat), 3. To improve infrastructure of the college/departments, 4. To be strict with students attendance, 5. To introduce faculty development programs, workshops and training.

Infrastructural facilities should be enhanced. Proper sitting arrangement of the students are inadequate which should be addressed to. Lab equipments are not there in adequate number, do taking practical class is real tough. If given , the results would have been better. Proper hygiene and drinking water availability should be looked into.

Infrastructure development, number of faculty increase is very essential.

Maintenance of washroom accessory is urgently required and regular cleaning should be done.

In order to remove department wise deficiencies of infrastructur and to provide modern teaching learning equipment ,the college authority should take appropriate measure as and when required to ensure quality education.

More faculty and laboratory attendant requires, Laboratory equipments requires maintainance, smart classroom is required in every department, Teachers should be less involved in administrative work so that they can focus on academics.

It is an ongoing process that requires cooperation from one and all.

To provide more class rooms

1. Recruitment of large nos of faculties 2. Huge funding is required for laboratories 3. Big classrooms are required 4. More reference books are required for the library

No suggestions

1. Internet facility in all the department.2. Fixation of overhead projector in all the laboratory.

Wash room facility is poor.

Some strict decision should be taken to improve the teaching learning process and all the teaching staff should be present in the college upto 5pm .

Washroom should be cleaned regularly

Always need all the wash rooms are to be carefully washed and clean

100./ . Attendance of students should be mandatory

1. ICT facility in the all the class room will help teaching learning process. 2. If strict discipline is maintained regarding attendance (like 75% attendance to qualify exam) there will be better results. 3. More classes required .

More classrooms are required for better accommodation.

To allow the teachers to perform their duties well for the wellbeing of their students.

Research support must be strong, library facilities should be enriched, academic monitoring must be there., Teachers should not be assigned non-teaching duties. IQAC should adopt to monitor academic activities, Academic hours should not be spoiled with some miscellaneous activities especially during the class hours. Faculty strength should be enriched,

Cleaning of the college campus. instead of giving notes students should be regular in their class of their respective subject.

Need more cleanliness in wash room

Need more cleanliness in washroom

No, thanks

no

Very good

Improvement in washroom facilitates

Not good

I am proud fill my college and I am very happy

My college is best

Should improve washroom facility

Good

Please give a lecture with English

Nothing suggest every thing is good 😊😊

My colleges internet facility very good. Student teacher teaching learning always very good.

Namita Reang

Always all semester for class.

Very good

Bathroom facilities need to improvement and wifi facility

To teach with English for the student

To be proper clean washroom

The college should be more clean and colorful, Thank you

All right

just

Discipline.

We need improvement

Yea

Some how

For good class

Teacher should speak English language during explanation at classes not only speaking bangali . washroom should be clean everyday

washroom

Vary good

There should be gap between the railings surrounded by the field that students can seat there because there's a huge time difference between the classes

Improvement of Washrooms.

Alisha Debbarma

I don't say anything

Continuous quality improvement

Idk

My college very exieting

Improve the sanitary condition

I don't have to talk about anything

Washroom

No suggestions, our college is very excellent in teaching learning to evey thing

History question

All are good

Teacher's should be helpful at anytime in need of the students

Women college is the best

I don't know

Do regular class please

Try new things

Improving feedback machanisms

Class attendance , need a proper teaching,college should introduced self confident class

Nice

All are average

More Development and more technical

All are okay

Yas

Increasing the number of teachers in our universities and Keeping the toilet cleanl

## **Analysis of Teachers' Feedback (2022-2023)**

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about quality of the students, college infrastructure, effectiveness of online classes, availability of online teaching tools, etc. from the teachers of the college as a part of AQAR. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

Teachers are of the opinion that the quality of the Honours students is much better than those of the general students. Most teachers have remarked that the students are regular and attentive in class and the participation of the students in co-curricular activities is mostly good. 72 percent of the teachers opined that library facility in the college is 'Good' while 66 percent teachers have remarked the research facilities in the college to be 'Good'. The washroom facility deserves attention as around 30 percent teachers are dissatisfied with the available facility; also other parameters as cleanliness, availability of computers, ICT facility, online teaching tools in the college need improvement. More than 70 percent teachers agree that their administrator is cooperative. Many teachers have suggested improving the teacher-student ratio, computer facility, ICT facility in each department, provision of departmental room and computer for each of the Arts Departments, research facility, library facility, upgradation of all laboratories may further develop the teaching-learning process. Field visit / study tours, students exchange/cultural exchange programs to different states may be initiated. Technology based learning environment, provision of G Suite platform may come handy for both the teachers and the students in the coming future. Teachers have also suggested to be strict with attendance of students, recruitment of more faculty, improvement of infrastructure to cater to the ever increasing student strength.

## 8. Your involvement as an alumni for the development of the institution

12 responses

Regularly

According to me... it's nice

I will get involved to it

Placement for the students .

Attended meetings with positive views for improvement in alumni activities.

I am a dancer and a student

I do my level best

When I wil get any Scope, I try my best

Participating in various programmes of Alumni Association for development of Institution.

Yes , ofcourse I always with them

I am anew comer.but want to do something constructive.

Not join any one

## 9. Your future plans for the development of the institution

12 responses

To provide placement of the student

Now i haven't any plan

Laboratories with good number of equipments

Made more classroom .

Placing proposals to the competent body of the alumni for organising more awareness programs on the issues related to superstitions and social stigma so that the current student can be able to make themselves strong to fight against gender bias in life.

I am always active do activity

Best of the best

This Institution Will become great popular collage

1. Providing cleaner toilets 2. Smart Classrooms

Not now, bt I'll got chance thn ofcourse.

Initiatives may be taken to increase the income of alumni..

Available for all master degree course

## 10. Any other suggestions?

12 responses

Need more classrooms and teachers

If memeber are being more active than our institution will work more fluently

To have biochemistry and microbiology as major in UG courses

Teacher's requirements .

Extension service program may be increased to spread consciousness about gender equality among the society members.

I wish our alumani should do seminar in cultural activity

Contact one meeting in every month for connection, and known every person.

No

Computer facility can be provided.

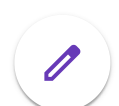

All the best everyone,

Frequent meeting is necessary so that a strong bonding bonding can grows between alumni members members

No, thank you 😊

## **Analysis of Feedback received from Alumni (2022-2023)**

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about the overall impression of the college from the alumni of the college as a part of AQAR. Feedback from the students and teachers were also collected through online mode. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

The Alumni feedback analysis brings forth that around 58.3 percent of the alumni have an excellent impression about the institution while their impression about campus environment is mixed. Their frequency of visit to the institution as alumni and to attend alumni meetings is not very regular. However, only 12 responses were received from members not associated with the institution at present as 31.1 percent of the registered alumni are associated with the institution as an employee. Around 91.7 percent of alumni have expressed interest to contribute towards the Placement cell of the institution, 67 per cent feel that academic initiatives taken by the college can help in bridging the gap between industry and academia while around 50 percent have an excellent opinion about the quality of support material provided to the students for teaching learning. Many are ready to get involved as an alumni and contribute in their own way for the development of the institution.
